ECS

EASY CLEANING SYSTEM

Disco con ugelli in silicone per una facile rimozione del calcare.

Faceplate with silicone nozzles to allow an easy limestone removal.

KCS

KEY-ONE CLEANING SYSTEM

Tutte le docce Amfag montano aeratori adatti a key-one. Accessorio brevettato per una veloce rimozione del calcare.

In alcune docce la key-one serve anche a montare o smontare l'aeratore.

All Amfag's spray heads use aerators suitable for key-one, a patented accessory for a quick limestone removal.

In some spray heads the keyone is needed to install and remove the aerator.
